## Chapter 1 by Rose Winchester

I heard it again, and again, everyday. Someone or something was calling my name across the lake. It didn't sound friendly, or kind. "Daaaissyyy..." I heard almost like a hiss. "Daaaaiiissy..." I walked towards the window and opened it. "DAAAISSSYYY....." It came louder this time. Wait a second, it wasn't coming from across the lake it was coming from the lake....

## Chapter 2 by Rock N Roll Star

Daisy looked out the window at the lake, trying to figure out what was calling to her. She saw nothing yet.

"What on Earth could call me from the lake?" Daisy asked herself. The night was cold and dark, almost creepy. Daisy threw on her jacket and ran outside. She crept closer and closer to the lake and peered over the bank. Suddenly...

## Chapter 3 by Rose Winchester

A tentacle rose up out of the water and landed with a thud on the ground.

"Your mine!" Said the voice that had been calling me.

I turned to run and the tentacle wrapped around my ankle. I let out a high pitched scream. My legs pumping trying to run out of the water. The tentacle was relentless. Slowly I felt myself being dragged across the ground. I tried to scream but no sound came out as my hands scabbled at the ground trying to break free. But to no avail. I

continued to be dragged father and farther down. As I felt water swirling around my hips, il reached out and grabbed the bank.

"HELP!" I screeched at the top of my lungs.

I gulped for a last breath as my head was dragged under. My fingers started to lose grip, my lungs screaming for air.

Then it all went black.

## Chapter 4 by Aimee10

Slowly I blinked my eyes trying to open them.

As my vision became clear I stared at what I thought was a ceiling at first but now it appeared to be a roof of some cave.

I closed my eyes again trying to remember what happened.

The memories of the previous night came flooding back and that voice I had heard began ringing in my ears.

My eyes shot open and I raised my head.

I was now sitting up straight and I began turning my head to looked around.

What I had not noticed earlier was that this came was well lit by torches against different spots on the each of cave walls.

Each torch was roughly the same height of the ground and distance apart.

Meaning that I wasn't alone and who or whatever put up these torches was also the one who brought me here.

The room I was in was only a tad larger then most bedrooms and the only thing in here was a single bed which I happened to be laying on.

The other thing I noticed was the whole in the wall that was facing the foot of bed, I seemed to the same size as a door.

I could see right down what thought was a hallway, all the way to the end of the wall. There it the hall separated in either direction.

Beyond that I had no idea.

I looked around the room once more and this time the walls seemed fairly damp and most have

came into close contact with water.

"Water" I whispered aloud.

That's the last thing I rem

How did I get in a cave?

Before I could ponder on the matter anymore I heard footsteps echoing off the walls.

Someone was coming.

I saw it turn the corner but it was to far to tell who it was all I saw was a shadow and from that I still can't be sure of who or what was coming.

All I know is that I was about to find out even if I didn't want to.
